

## INVESTIGATING BRIDGE HORROR

### Officials Convinced Superstructure was Cause—Stories of Terrible Deaths.

Quebec, Sept. 2.—President Parent, of the Quebec bridge company, has spent most of the last two days at the wreck, and to-day was joined by Messrs. Holgate and Kerry, of Montreal, who have been appointed by the Dominion government to undertake the inquiry, while Mr. Galbraith, of Toronto, the third member of the board, is expected to arrive to-morrow. Parent stated that as a result of the examination, the officials are convinced the accident was caused by the superstructure of the bridge, as

It was apparent that the masonry was in perfect condition. Indeed, it was extraordinary that the piers and abutments could have held together without fault in face of so terrific a catastrophe. Although careful watch has been kept, both at the bridge and in the river below, no more bodies have been recovered, and it is believed that most of the sixty-one missing are still trapped under the wreckage, two hundred feet below the surface of the river.

William Wilson, of Montreal, father of Albert Alexander Wilson, who was killed, arrived in the city last week.

information regarding his son's death. Wilson stated that his son had been working on the bridge for the past eight months with another young man from Montreal. Some time ago the other man became alarmed at the way in which bridge was going, and had urged young Wilson to leave it, and seek safer employment. Young Wilson had desired to hold out until Labor Day and then return to Montreal. The other workman refused and returned safe to Montreal, while Wilson was killed a few days before he had decided to

Many pitiful stories of this disaster are being told by those who went to aid in the rescue. Several were compelled to witness the gradual drowning of men who were pinned down, and could not get away, being slowly suffocated by the rising tide. One man in particular was pinned by his foot in the centre of the wreckage and screamed for help for hours before the rising waves put an end to his agonies. He shouted to the rescuers to chop off his foot with an axe and get him out, but they were

unable to reach him and could do nothing but watch his dreadful death.

The Hardy family at St. Bonnard is one of the severest losers, two brothers and a cousin being found dead.

Ah, but the fugitive, dainty surprise

## GLOOMY OUTLOOK IN MOROCCO

General Brugger Prophecies Ten Years of Effort, Thousands of Men Sacrificed Before Peace Will be Had

Paris, September 2.—The foreign office has just received information regarding the whereabouts of Mulai Hafid, or his purpose, and thence it is probable he may still be at Morocco City, where he was proclaimed Sultan. He is also in the dark as to whether Sultan Abdelaziz remains at Fez or is marching on Rabat.  
General Denig is expected to immediately assume a vigorous offensive attitude. General Brugger, formerly commander in chief of the French army, in an interview on the Moroccan question, expressed the opinion the situation is very full of formidable difficulties and may require ten years of French effort, the sacrifice of thousands of men and the expenditure of hundreds of millions, before the pacification of the country is effected.

## A BLOW RESTORED SIGHT.

Accidentally Struck on Forehead, Philadelphia Lady Can Now See.  
Philadelphia, Pa., Sept. 2.—Mrs. Suzanne Freeder, sixty years old, of No. 130 North 25th street, who has been completely blind for fourteen years, is now as clear sighted as her fourteen-year-old grandson, whose hand accidentally dealt the blow that restored her sight.  
Mrs. Freeder was sitting in the room, and her grandson, Harry Matus, a Great College pupil, began to cry about the chair in which she was sitting. "No," he said, "I have the gun in his shoulder it struck the aged woman in the chest, upon the right arm and the right eye."  
About four days later, after all the members of the family had agreed that Mrs. Freeder's eyes had become starved after the fact that had formerly blinded them having passed away they anticipated the matter to her. "Yes," she said, calmly, "I have regained my sight. I did not want to say anything about it. I am afraid my blindness may come back upon me."

that the affair resembles in spirit a sort of political dinner party. Yet this is an exaggeration of the spirit which animates the Paris tea party of last night.  
Every one is asked for five o'clock, the idea being to invite no more than about twenty guests, so that it is easy to exclude such one upon arriving. All are seated at the circular tables, where ten, twelve, and, perhaps, thirteen or fourteen are seated in general adjustment to the drawing-room, there is music and an often an impromptu "concert" by some of the guests. Right here Madame de Collier, wife of the famous banker, originated the idea of a dinner and a reception. When her guests had reached the drawing-room she announced that Madame Ceruso, mistress of the opera, held a dinner party.

At this moment, the portieres parted and Madame de Fourlaire, a celebrated French beauty, stood radiant in smiling upon the other guests. She was dressed in a pink and white, like a Spanish dancer, and regular ballet shoes. All were looking at her with admiration. She followed the old ballet dancer who had stood beside her, she had been in the room.

A pretty picture this makes believe being in ballet steps, the and surprising celebrity, for in a very few minutes, she combined all the steps and gave a regular toe dance. The guests were all looking at her with admiration. She followed the old ballet dancer who had stood beside her, she had been in the room.

## GILCHRIST-GREY.

A quiet and pretty wedding took place on Saturday afternoon at 2 o'clock, in St. Paul's church, when Mr. W. The witnesses of the marriage were Mr. and Mrs. Ernest Hooper, the uncle and aunt of the bride with whom she has been staying for the past year. The bride was daintily dressed in pearl grey broadcloth costume with white lace and carried a grey hat. After the ceremony a pleasant wedding reception was given at the date relatives were invited, was served at the new home of Mr. and Mrs. Gilchrist.

## ENGLISH ARMY PLAYS AT WAR

Mock Invasion will be Re-enacted—Salisbury Plain Field of Action—20,000 Men Engaged.

London, Sept. 2.—A state of warfare which continues throughout the week began this morning on Salisbury Plain. The troops of one district are being pitted against those of another, one 20,000 men of all ranks being engaged, the usual strength of the Australian Commonwealth.  
The invading force.  
Lieut. General Sir Ian Hamilton commander of the southern district, with 10,000 troops is playing the part of an invader from the "Blue Land" described as a country situated seven days' steaming from "Red Land" upon whose shores Hamilton has effected a landing. The defending force is under the command of Major General Sir Frederick Stopford. Marlborough is supposed to be the chief harbor on the coast and the only other place suitable for the landing of troops are Hopton and Wilton Bay.  
With Capture Capital.  
Red Land is supposed to have as its capital "Red Town" which is laid down about as near west of Black Town. The engagement is assumed to have occurred and arrangements are understood to have been made for capturing Red Town. At the various installations, manning, establishment of garrisons, etc., have been ordered the cavalry brigades of the two forces are expected to come into touch today. Then the work will go on without intermission in actual warfare, one phase of the campaign morning itself into another until the problem of the invasion is solved.

## THE WET BLANKET.

Mr. Borden's non-appeal policy had the same effect on the spirit of his supporters as a wet blanket on an incipient conflagration. The feeble flame of hope has been extinguished and the atmosphere filled with the fumes of disappointment.

Great expectations were entertained of the leader's tour. It was to be a political crusade with Mr. Borden in the role of Peter the Hermit calling upon the multitude to retake the Holy City from the infidels; or perhaps better—a resurrection with Mr. Borden travelling for the cause of the shipwrecked, giving up their dead. The crusade has petered out in its beginning; the resurrection dwindled down into the ordinary moment among the party bones, and silence reigns again, save for the grumblings of the disturbed but unconvicted.

The disappointment is not that the programme is too advanced, but that it is no advance at all. It is not because it throws party traditions overboard and bids too strongly to radical sentiment, but that it neither throws anything of importance nor proposes anything of sufficient importance to attract public interest or even arouse party enthusiasm. It was coined in the reactionary clique by whom Mr. Borden is surrounded, to whom success owes his position and to whose defeat he is pledged; it is patently offered the humble party in the ranks as all he is to expect from the dominant element in his party's councils. Coupled with the refusal to permit a party convention it presents the last proof that Mr. Borden stands for the ascendancy of the reactionaries against the will of the voters whose franchise he solicits.

The dissatisfaction in the camp is not likely to be lessened by the spectacle of Mr. Borden accompanying Mr. Borden on the platform in Nova Scotia. No more thoroughly discredited politician ever affronted the public in this country. This the followers of Mr. Borden understand thoroughly, and its political consequences they also understand. That Mr. Borden understands it will scarcely be denied by those who preach his earnestness of vision. That understanding this, after the manner of Mr. Borden, to accompany him on the hustings means simply that he proders the presence of Mr. Foster to the good quietude of his followers and the welfare of his party.

Mr. Foster he stands or falls; those of his followers who have demanded the exit of Mr. Foster have no alternative but to request Mr. Borden's disappearance also.

## THE NEW MINISTERS.

No leader in Canadian politics has shown as much wisdom in the selection of his associates in the Cabinet as Sir Wilfrid Laurier. He has always been able to pick out the man of the hour to fill a vacancy in his government. Upon more than one occasion he has shown himself strong enough to lose a colleague without the administration suffering and has always filled the vacant place to his own and the country's advantage. The recent addition of Messrs. Graham and Pugsley to the cabinet has not the wisdom of Sir Wilfrid's choice of men.

No man in public life in Ontario could bring as much strength to the administration at the present time as George F. Graham. He has the advantage of being known in every part of the province and wherever Graham is known he has hosts of friends. Since his election to the Ontario Legislature in 1895 few men have been so much in demand upon the political platform as has the new Minister of Railways and shipping. No man in Ontario has given more freely of his time to the campaigns of the Liberal party and there are few more effective campaigners than he. He has a mellifluous flow of humor through his speeches that keeps his audience entertained and without his utterances upon public questions are strong, clear arguments that never fail to convince.

Since his advent less than a year ago to the leadership of the Ontario Opposition, Mr. Graham has shown the most capable initiative in shaping the policy of his party, and has given ample proof of his ability to lead.

In selecting Mr. Graham the Premier has secured a man who is in close touch with the whole province of Ontario and in whom the whole Liberal party of that province have the greatest confidence, knowing their new minister to be an able public speaker, a capable administrator and a man of unimpeachable integrity and personal honor.

Of Hon. Mr. Pugsley, the new Minister from New Brunswick, it can be said that since the removal of Hon. A. G. Blair from the Legislature of New Brunswick the new Minister of Pugsley has been the strongest man in the government of New Brunswick. Mr. Pugsley is a great lawyer and an effective public speaker and is an acknowledged diplomat. It is stated by delegates to the conference at Montreal, held at Ottawa some time ago, that Mr. Pugsley contributed more to the peace and good will as well as the satisfactory results of that convention than probably any other man save Sir Wilfrid Laurier. At this distance our personal knowledge of New Brunswick public men is naturally limited, but two maritime provinces men, who were in the city when the announcement was made, expressed the greatest satisfaction at Mr. Pugsley's being called to the aid of his strong personality, his ability as a legislator and his great personal popularity in his native province.

## ON THE SIDE.

The Internationalist will show another surprise. Now hear the Opposition press censure Emerson again.

In Dan Derbysdale's retirement the House of Commons loses a member of pre-eminent common sense.

A Massachusetts merchant fell 2,000 feet—just about the distance Mr. Borden dropped when his policy landed him at Halifax.

Premier Gould denies positively that he offered Burrans a seat in the Cabinet. He wants it understood that he is not running a circus.

American railroads have advanced the freight rates on lumber and now the rail men are after James J. with the proverbial sharpened stick.

Great Britain spends one billion dollars per year abroad for food. That is the billion Canada is after with the preferential tariff. She is getting a larger slice of it every year, too.

The C. P. R. officials are convinced they will have enough cars to handle the grain promptly. And the farmers are convinced that the P.C.R. will not be providing enough cars to handle the coal, without the added strain of the grain movement.

Opposition necessity has mothered a theory that Graham was taken into the federal government because he was not big enough to run a provincial opposition. Well, Liberals can find no particular fault in their opponents persist in deluding themselves with the notion that Sir Wilfrid is a greenhorn.

**HOLD-UP MAN CORRALLED.**  
Jack Wilson, Who Has Been Doing Things in Vancouver, Run to Death.

Vancouver, Sept. 2.—The Vancouver police arrested a hold-up man who has been doing a big business in robbery for a long time. He was held up a gardener at the point of a gun, dressed in long coat and hat. It was difficult to trace him but today the police surrounded his cabin in the woods. He had some of the best of the property and a regular arsenal of firearms. There was a rifle, two revolvers and three shot guns with barrels sawed off. The man gave his name as Jack Wilson and said he had been living in the district for some time.

THE LEGISLATORS  
BEAT CALGARY

In Labor Day Game by Score of  
2-0—Only Five Innings  
Played.

In a game called at the end of the fifth inning yesterday afternoon, Edmonton won easily from Calgary by a score of 2 to 0. There was a large attendance, many taking in the game on their return from the labor day sports. Stykes and Crist pitched and kept the hits well scattered. Two games are being played to-day—at 3 and the other at 5.30.

**LONGBOAT TO MEET BURN.**  
Calgary, Sept. 2.—A. A. Welch of New Westminster and Chas. Guericke have completed arrangements whereby Tom Langboat will leave for the coast on Friday, Oct. 10 to meet Burn, the coast division champion. Welch and Guericke decided to have Langboat accompany the Teanumchee, but as the Indian has a race before him Sept. 28th he could not have until a week later.

**LAUDER AND SCHALER IN DRAW.**  
Calgary, Sept. 2.—In the fastest boxing contest ever seen in Western Canada, Billy Lauder, light-weight champion of Canada and Kid Schaler, of Spokane, fought fifteen rounds of very fast sailing to a draw. In the fifth round Schaler floored Lauder twice but the Scotch lad though very groggy came up cleverly and in the next round was back stronger than ever. In the fifteenth round he floored Schaler with the right hook but Schaler did not take count and was losing strong at the finish. Both men were looking for a knockout but could not make it on clean breaks.

**RACE AGAINST SIX MIN.**  
Calgary, Sept. 2.—The Trades and Labor sports held this afternoon at Victoria Park, were again successful. The event of the day was the five mile relay race which Burn ran against a team of five men per mile for four miles and then in the fifth mile a fresh man ran the last half mile. Burn won the first heat but he had a very hard task, only winning out from the last man by two feet.

**SHAMROCKS WIN N. L.**  
Toronto, Ont., Sept. 2.—With the defeat of the Teanumchee in Montreal by 18 to 5, and Cornwall's victory over the Shamrocks at Cornwall, the score is 6 to 3, the standing of the club in the National League union now is: Shamrocks won 6, lost 2.  
Teanumchee won 5, lost 2.  
Cornwall won 7, lost 2.  
National won 5, lost 2.  
Toronto won 3, lost 7.  
Montreal won 2, lost 7.  
The Montreal have three games to play to make the full series of twelve games. Teanumchee have finished and have one or two games rest. The Shamrocks are certain winners.

EIGHT KILLED  
IN TRAIN WRECK

Special Toronto Exhibition  
Train Jumped Track  
Near Caledonia.

Toronto, Sept. 3.—An exhibition special train was wrecked on the C. P. R. near Caledonia today. It was running fast to make up lost time and jumped the rails. Six passengers are dead and 21 injured. The dead are: John Thurston, Walter Falls, James Banks, Perth.  
Three bodies unidentified.

**CLOSED UP GAME OF CHANCE.**  
Yesterday afternoon a game of chance, was started at the Exhibition Grounds, where the sports were being conducted under the auspices of the labor organizations. Immediately the fact came to the knowledge of the Trades and Labor Council officials and they took steps to have the game suppressed, and in a few minutes it was closed up.

**Accidentally Shot.**  
Port William, Sept. 2.—As two youths named Sam Wonnall and Tom Huston were getting into their boat on the Northing river, intending to go shooting this afternoon, Huston's gun was accidentally discharged, and Wonnall was wounded in a terrible manner, the doctor holding out little hope of recovery. Over thirty shots entered the young fellow's abdomen, breast and liver, and a part of his clothing was blown into the wound. Mr. Martin was hurriedly called, and the victim taken to the hospital, where he may live through the night, but it is hardly impossible that he will recover.

**LAKE SUPERIOR  
BRANCH OF G.T.P.**  
Steel Laid as Far as Kaminitiquia Bridge. Used C.P.R. Spur to Bring in Steel.  
Port William, Sept. 2.—The steel on the G. T. P. Lake Superior branch is now laid as far as the bridge crossing the Kaminitiquia river, about 21 miles from the mouth of the river. The steel has all been delivered, and is now in place on the structure. The material was taken to the bridge site, by way of a short spur built from the C. P. R. line at Kaminitiquia pier. The spur was removed as soon as the steel was taken in, but the G. T. P. is now in a position to forward construction material over its own line as far as the Kaminitiquia river. The company had planned to have rails laid on a branch line out to the river crossing last fall, but delays occurred which prevented the work proceeding. The spring break-up caused the slides of many of the earth-cuts to slide, and cuts were filled in many deep in spots. It has taken the summer to repair this damage. During the process the cuts were widened and the banks given a much greater slope to prevent a recurrence of the trouble. As soon as the cuts were cleared the laying of the rails was proceeded with and can now be hurried on steadily.

**CRICKET AT MEDICINE HAT.**  
Medicine Hat, Sept. 2.—Medicine Hat won from Calgary at cricket here today by 26 runs and 1 wicket. The score for two innings which were played was 100 to 100. Headball was the top score with 38 and 21 not out to his credit.

**AMERICAN TEAM IN OTTAWA.**  
Ottawa, Sept. 2.—The United States team that will compete for the Palmer Trophy arrived here today. They will practice along with the Australian, Canadian and British teams on the range during the week, the best night of each will shoot on Saturday.

**SOME POST SEASON RUMORS.**  
Medicine Hat, Sept. 1.—The Medicine Hat management cannot see how and money can be made in playing post season games at Calgary. If the Calgary directors wanted the Calgary-Edmonton games transferred to the Capital by reason of the fact that the Calgary game was getting too small to be profitable there could not be anything in it for the Hat team to go there.

It is rumored that Manager Benny Hill will have charge of the Calgary team next season and that O'Day, Knight and Fogarty, of Lethbridge, are to play with the Hat in 1908. Chandler, of Calgary, may also be with the Gas city.

**May Call Out C. P. R. Operators.**  
Brandon, A meeting of the C. P. R. operators working in the Winnipeg divisions, of which this city is the center, was held here Saturday night when 75 were present. Nothing was given out for publication, but it is believed the meeting was held to discuss the report of the special committee which was ordered by the Winnipeg Whyte in Winnipeg last week working conditions. Mr. Whyte refused the demands of the committee and the matter will likely be taken before Sir Thomas Shaughnessy, President of the meeting, and that another general meeting was to be held shortly and if their demands were not granted it was most probable that a general strike would be called from Port William to Vancouver.

**Robbed the Mail.**  
Toronto, Sept. 2.—A young man named Clarence Clifford Chandler, employed in Toronto as a mail carrier, was arrested yesterday while at work in a building by Police Officer Young, on a charge of having robbed the mail. When searched 36 unopened letters were found in his pocket and some marked bills and silver coins. He was at once lodged in a police station and a search made of his home in Eglinton Park. The article found by the police were a diamond ring and a car earring, which the police say Chandler admitted having stolen from letters, and a pair of a box of cigars which is said to have been taken from the post of ice at New Rochelle.

**Reorganizing Sturgeon Falls Mills.**  
Toronto, Sept. 2.—According to J. C. Edwards, one of the joint receivers in the Imperial Lumber Mills reorganization, Sturgeon Falls, in an affidavit filed at Sturgeon Falls, the business should be continued as a going concern and the debenture holders should allow the receivers to take charge of the plant. The value of the plant is valued at \$2,000,000, and an equal sum is being put into return fund. The company is in process of reorganization.

**CHICAGO LIVE STOCK.**  
Chicago, Sept. 2.—Cattle, receipts about 24,000. Market steady to strong. Hogs receipts about 30,000. Market 5 to 10c. lower. Sheep receipts about 22,000; market strong to higher.

**Writ For Bye-Election.**  
Ottawa, Sept. 2.—Writ for the bye-election for St. John City, was issued by the Hon. Mr. Justice Giesbrecht. He was at once lodged in a police station and a search made of his home in Eglinton Park. The article found by the police were a diamond ring and a car earring, which the police say Chandler admitted having stolen from letters, and a pair of a box of cigars which is said to have been taken from the post of ice at New Rochelle.

**Writ For Bye-Election.**  
Ottawa, Sept. 2.—Writ for the bye-election for St. John City, was issued by the Hon. Mr. Justice Giesbrecht. He was at once lodged in a police station and a search made of his home in Eglinton Park. The article found by the police were a diamond ring and a car earring, which the police say Chandler admitted having stolen from letters, and a pair of a box of cigars which is said to have been taken from the post of ice at New Rochelle.

that it would become a living reality next year, when it was expected that the battle against the white flag, Mr. Dargy, Chairman of the Trades Council, speaks of the difficulties that had been encountered in establishing the various institutions. He hoped that Government aid would be given to the work and

## LOCALS.

Mr. Oscar Madore of St. Emile, who has been working at Fort Saskatchewan lately, came into the city yesterday to the General Hospital.  
A young couple has been running to the break near the Public Hospital for the past two or three days. Here is a chance for some one to secure the bounty.

The little daughter of W. J. Davis, Box Accord, who was brought in Sunday to the Public Hospital for an emergency operation for appendicitis, is now doing nicely.

The deacon team of the Edmonton Episcopal No. 3 left for Wetaskiwin this afternoon to install the officers of the Wetaskiwin Episcopate No. 3.

The Ladies' Aid of McDougall Methodist church will hold its regular monthly meeting on Wednesday afternoon at 2 o'clock at the home of Mrs. W. W. Chown, Seventh street.  
McDougall avenue which has been up since Spring, north of Jasper, was resurfaced yesterday and is now in excellent shape after the completion of the cartilage and back paving operations.

A special meeting of the Y.W.C.A. will be held in All Saints school room, Thursday afternoon at 7 o'clock. As business of importance is to come before the board of directors it is imperative that all be present.

The two-year old daughter of J. C. Bonville, of Home Hill, was kicked in the forehead by a horse and an ugly wound inflicted. The little one was brought to the Public Hospital for treatment, and is now doing nicely.

Robert Jamieson, inspector at Nanaimo, who has failed to carry out the terms of the Narcotics Warrant to appear before Inspector Wemyss yesterday afternoon at the K.N.W.M.P. barracks.

E. Troubridge, private secretary to Premier Balfour, who has been in the last six weeks at his home in Toronto, returned to the city Sunday.  
He stated that the passenger traffic westward is unabated, and that he found a berth on the through train one has to make arrangements two to three weeks ahead.

The annual meeting of the Women's Home Mission Presbytery for the Presbytery of Edmonton will be held in the First Presbyterian Church Wednesday at 3 p.m. You will be served in the evening and at 8 p.m. A second session will be held at which Mrs. H. M. Kopp, of Toronto, will speak, also Rev. C. Campbell, and Rev. Dr. McQueen.

## LABOR DAY QUIET.

Labour Day was unusually quiet observed in the city and today only two trucks appeared at the Police Court. Back was given \$5 or 10 days.

## CUSTOMS RETURNS.

Customs receipts for the month of August were \$27,355.31, as against \$10,583.79 in August of last year—an increase of \$16,771.52.  
During the month there were received 204 parcels, while in August, 1906, there were 126.  
Owing to the recent changing of the system of receiving mail parcels, by which the free ones do not now go to the express office, it is impossible to make a comparison with a corresponding period last year.

## TENDERS WILL NOT BE ACCEPTED

Price Offered for the City Debentures Too Low to Suit the Commissioners

The time for receiving of tenders for the sale of \$300,000 local improvement and other debentures expired on Saturday last at noon.  
No satisfactory offers have been received, and as a result the city commissioners will recommend to the city council this evening that none of the tenders be accepted.

The commissioners are of the opinion that a better price than that offered can be obtained, and it is their recommendation that the sale be deferred for the present.  
The following was the debenture, all at five per cent, which were offered: Sewerage extension, 10 years, \$10,000; Domestic electric, etc., 30 years, \$20,000; New fire hall, 30 years, \$12,500; New fire hall equipment, 10 years, \$12,500; Location hospital, 20 years, \$10,000; Waterworks extension, 40 years, \$10,000; Sewerage extension, 40 years, \$10,000.

Local Improvements.

## LOCAL IMPROVEMENTS.

As information was laid this morning against a resident of the west end, charging him with having sent in a false claim for fire risk Friday morning, the Chief of the Fire Department is determined to prosecute any person that he can detect in a willfully and unconscientiously calling out the brigade.  
Yesterday several persons were guilty of soliciting the brigade for insurance, and on several of the houses. They will also come in for prosecution if their identity can be ascertained.

## PERSONAL.

K. F. Hall has gone to Winnipeg for a few days on business.

Senator Roy has returned from his summer resort at Gull Lake.

John Morris, of the Regina Herald Co., is back from a business trip to Calgary.

Miss Stella Moore, of Lacemba, came to the city last night and will attend Alberta College.

Effie McGinnis is spending a few days at Cooking Lake. He has recently purchased a new gasoline launch which he is testing this week.

Mr. and Mrs. Deane and their son, Arthur, of Ottawa, are visiting J. C. Johnston of the city. Mrs. Deane is Mrs. Doherty's mother.

Mrs. Jane Fulton, of St. First street, died on Sunday and the funeral will take place from the mortuary of Moffat and McCoppin this afternoon at 2:30 p.m. to Edmonton Cemetery.

James McKinnon, of the Northern Hardware Company, returned last night from Vancouver. It is pleasing to learn that his mother, though still in the hospital, is fast improving.

Mrs. F. P. Newson and Miss Newson, Charlotteville, P.E.I., are on their way to the city and will take up their residence here. Mr. Newson is in the employ of the Bloy-Henry Co.

Mr. and Mrs. R. Perry Barnes, accompanied by their daughters, the Misses Pitt and Owen, returned home yesterday for a short visit to Victoria.

Their daughters will remain at All Hallows School, Yale, B.C.

Miss Stella Day, graduate nurse, Washington, D.C., who has been visiting her sister, Mrs. R. Forster Reid, Victoria, arrived last night from Vancouver, to take charge of the hospital there.

The Sunshine Society had a typical day on Labor Day for the Japanese garden party on Jasper avenue. It was a very successful one, and the decorations were very unique.

The large umbrella and paper lanterns were huge and caused great comment. A large amount of money was made, and much credit is due the endeavor and the committee for their untiring efforts.

## ALBERTA COLLEGE OPENING.

The fall term '07 of Alberta College opened today with a large registration of new students and a great many of the former students who have returned to take higher work. During the day Principal and Professor MacFarlane were busy enrolling students in the various departments.

Several classes began work this morning in the departments of literature and academic departments. The course in arts for matriculation classes, first and second year university work, will not commence until the 15th.

Extensive alterations have been made in the disposition and equipment of the class rooms, both in the arts and commercial departments. They will greatly facilitate the execution of the growing work of the college. Part of the college building on the second floor, formerly occupied as a residence, has been transformed into additional classrooms. To meet the needs of increased residence quarters it is proposed to build some quarters behind the present college building a "boy dormitory."

Miss M. Charlotte Bennett, agent appointed to the staff of the college, arrived in the city today, and is expected to arrive in the city tonight. Miss Bennett is a graduate of the University of McGill, and will add to the strength of the school by her teaching experience to the staff of the college.

## TO ASCERTAIN MEN REQUIRED

E. B. Robertson Here to Find Out Number Needed on Railway Next Year.

E. Blake Robertson, assistant superintendent of immigration, Ottawa, spent yesterday and Sunday in the city. Mr. Robertson is on a tour of investigation with respect to the number of men required in Canada next year for railway building and other purposes. Last year 10,000 men were brought to Canada for this purpose from the British Isles and other European countries. It is the purpose of Mr. Robertson's visit to find out how those men rated their employers and to obtain information from the men themselves as to the way they were meeting conditions. He states that of those he met in this way none were discontented, not all were doing well.

Mr. Robertson left yesterday morning for Clover Bar to learn along the right of way of the G. T. P. to consult with the contractors about the number needed next year to carry out their contracts.

## PROSECUTION FOR FALSE ALARM.
